

ADDENDUM NO. 3

July 31, 2020

CLARIFICATIONS:

Project Manual:

- **Invitation To Bid**

Contractors will not be allowed to attend the bid opening in person at Town Hall. Bids will be received until **2:00 PM** on **THURSDAY, August 6th** and will be opened immediately following the deadline, and announced via Zoom Conference. Instructions for attending the Zoom video/telephone conference will be sent to all plan holders via email by 10:00 AM on Thursday, August 6th. The plan holders list and email addresses will be based on the plan holders record maintained by Advanced Reprographics.

QUESTIONS FROM CONTRACTORS AND CORRESPONDING ANSWERS:

Palmer Construction, LLC – Thursday, July 30, 2020

Question 1: Do all structures in the shoulders/breakdown lane have to be paved around after milling? Thank you

Response: All raised structures in the shoulders do NOT have to be paved around temporarily. A traffic cone or drum placed on top of each structure shall suffice. All cones and drums must be checked and maintained daily.
